INDIA - a market overview

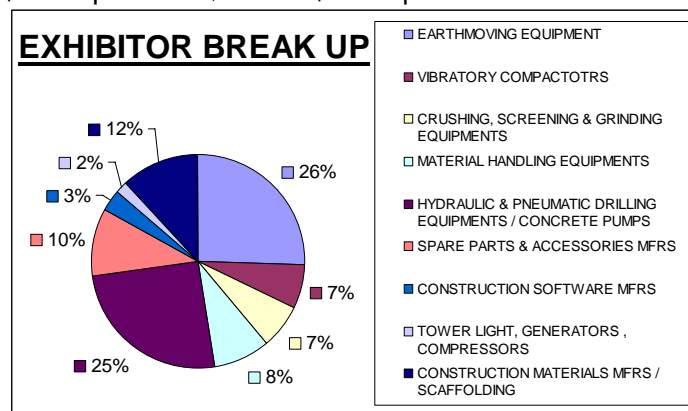

- Sound economic growth - minimal impact of global financial crunch & de-leveraging
- 7.1% GDP growth in 2008-09 and 6+ % growth expected in 2009-10
- The construction machinery & equipment industry has the potential to grow from its current size of US\$ 2.4 Billion to over US\$ 12 Billion by 2015
- The sector has been growing at 30% compared to a global rate of 5% pa.
- Over US\$320 Billion is expected to be invested in the infrastructure domain between 2009 - 2014
- It is predicted that India will emerge as one of the largest construction markets in the world

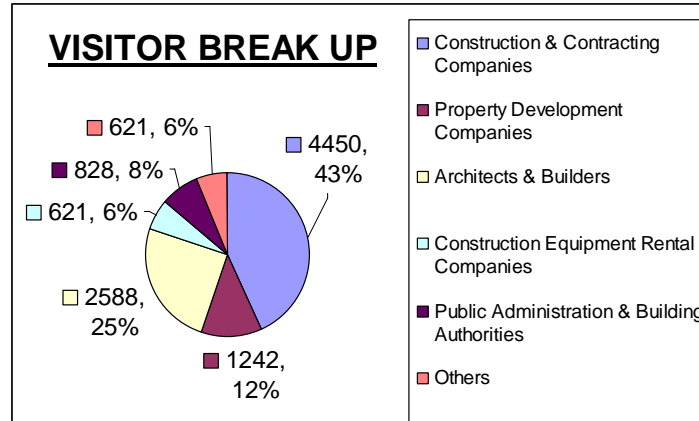

COMMEX'08 (Retrospect)

- The 2nd CONSTRUCTION MACHINERY & MATERIALS EXPO (COMMEX), held in Hyderabad from the 4th to 7th December'08, was a runaway success
- COMMEX was supported by the All India Association of Industries (AII), Builders Association of India (BAI), Confederation of Real Estate Developer's Associations of India (CREDAI), Ministry of Major Irrigation (Govt. of Andhra Pradesh)
- The event attracted a large number of quality visitors, generated tons of business enquiries & deals
- Hyderabad is amidst a construction boom and boasts of a very high concentration of developers, building contractors, etc
- The mood at the event was that of immense optimism. Everyone was eager to see the glamorous displays of 130 exhibiting companies spread over 30,000 sq. meters. The event surpassed the previous edition's attendance with visits from across India, the Indian sub continent and beyond.
- Not only did COMMEX deliver handsomely, but also has become the region's main sourcing point for Construction Machinery, Materials and allied products.
